

29 September 2019

Wilmington Hospital  
Christiana Care Health System

Dear Christiana Care Health System,

My name is Mathew Krueger and I am writing in regard to the job opening on the Christiana Care website for a Registered Nurse in Adult Medicine Practice.

I am graduating from James Madison University with a Bachelor of Science in Nursing in May 2021. During my time at James Madison University I have learned how to assist a patient with personal hygiene and care, bed setup and maintenance of comfort, change a wound dressing while maintaining a sterile field, set IV pumps, as well as insert an indwelling catheter.

I have experience working in the military which developed my discipline, responsibility and humility. Along with that I am able to listen and understand the intent of officials above me and have gained knowledge of how to achieve their intents. I am trained to work confidently under intense situations and communicate with my coworkers when I am in need of assistance as well as help them when they need aide.

I am extremely interested in this position and the experience I will gain from it. Please let me know of any additional information that is needed. I look forward to further communication with you and the Christiana Care team and will eagerly be waiting your contact.

Sincerely,  
Mathew Krueger, SN
